Tribal Tales

I already know:

- The seven continents and five oceans of the world.
- The location of some countries, including in the UK and Europe.
- A continent is a very large solid land mass.
- Continents are usually separated by water or another physical feature such as mountains.

Key Vocabulary:

habitable	a place which is fit to live in
land	an area of ground
settlement	a group of people living in a set place
shelter	a home or covering that protects you from the cold and wet
site	the position of a town or building
source	a thing or place from where something comes
survival	to be able to live with food, water and shelter
tribe	a group of people

I will learn:

- what a settler needs for survival during The Stone Age.
- how land is used in settlements.
- the importance of living near a water source.
- how to choose where to settle.
- to research the features of villages, towns and cities and appreciate the differences.
