

# Geography Knowledge Organiser

Scrumdiddlyumptious

## I already know:

- The seven continents and five oceans of the world.
- The location of some countries, including in the UK and in Europe.
- How land is used in settlements.
- Human features are man-made parts of the world e.g. roads and buildings.
- Physical features are natural parts of the world e.g. rivers, mountains and seas.

## Key Vocabulary:

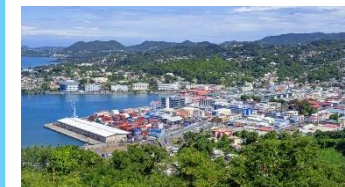

|            |                                                                                       |
|------------|---------------------------------------------------------------------------------------|
| Caribbean  | a group of islands located near to the Equator in the Northern hemisphere             |
| trade      | the action of buying and selling goods and services                                   |
| Fair Trade | trade between companies and farmers which encourages fair payment to producers        |
| global     | relating to the whole world                                                           |
| habitable  | a place that is suitable to live in                                                   |
| poverty    | living without the financial resources and essentials for a basic standard of living. |
| tourism    | the movement of people to different places for pleasure                               |

## I will learn:

- about the importance and impact of Fair Trade.
- where the Caribbean is located.
- to compare St. Lucia to the U.K.
- about tourism and why people choose to live/visit different places.

Piton Mountains
