Pharaohs

I already know:

- Egypt is a country in the continent of Africa.
- The climate of Egypt is very different to England. It is a hot desert.
- Ancient means a very long time ago.
- Ancient civilisations existed, such as Ancient Greece and Ancient Rome, where people lived in peaceful communities.

Key Vocabulary

agriculture	the cultivating of the soil, producing of crops and raising livestock
delta	a piece of land in the shape of a triangle or fan made by deposits of mud and sand at the mouth of a river
economy	a system of making and trading things of value
human geography	geography that deals with humans and their communities, cultures, economies and their interactions with the environment
physical geography	different countries and its climate, its natural resources and its oceans, rivers and mountains

I will learn:

- Egypt is found in North East Africa, and has a population of just over 86 million people.
- Egypt is bordered by the Gaza Strip, Israel, Libya and Sudan as well as the Mediterranean Sea and the Red Sea.
- the capital city is Cairo, which also has the largest population. Other major cities include Alexandria and Giza.
- the Sahara and Libyan Desert make up most of the area of Egypt. The worlds longest river - the Nile - runs through Egypt.
