

History Knowledge Organiser

Dinosaur Planet

I already know:

- To read a timeline.
- How to ask and answer questions about old and new objects.
- To use words like 'old', 'new' and 'a long time ago'.
- How to spot old and new things in a picture.
- To use words and phrases like: before, after, past, present, then and now.

Key Vocabulary:

fossil	the remains of dead animals and plants
palaeontologist	someone who studies ancient living things e.g. fossils
beyond living memory	a time that cannot be remembered by anyone currently alive
extinct	the dying out of a species
excavate	to make a hole by digging
pre-history	the period of time before humans

I will learn:

- about someone famous, significant to historical discoveries (Mary Anning).
- how we learn about the past using fossils.
- what the world used to be like, millions of years ago.

Types of Fossils

Mary Anning
