

Year One Spring Term Homework

Our topics this term are Bright Lights, Big City and Splendid Skies

	<u>Knowing/Understanding</u>	<u>Applying</u>	<u>Analysing</u>	<u>Creating</u>
<u>Verbal</u>	Describe Birmingham and explain your favourite place to go in the city.	Think about your house. Talk to a family member about how it is different to other buildings.	Can you describe the weather? What was it like last season? Share your ideas with friends.	Can you design a model of a London landmark? Discuss how you would make it with your family.
<u>Mathematical</u>	Look at all the clocks your family has. How are they different? What numbers can you see? Talk to your family about them.	Go for a family walk and have a shape hunt. What shapes do you see? Take a photo of your walk.	Look for numbers in your home. Where are they? What do they tell you? Take a photo of the numbers you see.	Find different sized food boxes in your house. If you draw around them what shapes can you see? Bring your work to share with the class.
<u>Visual/Kinaesthetic</u>	Take a photo of your favourite tree and draw a picture of what animals could live in it.	Write a story about a rainy day.	Leave a waterproof container outside when it is raining. How much rain was collected? Take a photo of the water.	Draw a picture of what you would wear in your favourite weather.
