

Geography Knowledge Organiser

Land Ahoy!

I already know:

- The United Kingdom is an island and is surrounded by bodies of water.
- These are the Atlantic Ocean, English Channel, Irish Sea and North Sea.
- I can point to the equator, North and South Pole on an atlas and a globe.
- About some of the features of an island.
- How to describe a place outside Europe using geographical words.

Key Vocabulary:

cargo	goods that are carried by large types of transport, such as ships and aircraft
Christopher Columbus	a famous Italian explorer
coast	the place where the land meets the sea or ocean.
compass	a compass is a tool for finding direction
explorer	a person who travels to places where no one has been before to see what is there
map	a drawing of an actual place that uses lines and symbols to represent real-life objects

I will learn:

- to name the continents of the world and locate them on a map.
- to name the worlds oceans and locate them on a map.
- to use the directional vocabulary near, far, left, right, to explain where a location is.
- that there have been many famous sea explorers. These explorers helped us to learn about the world.
