

Year Two - Home Learning Spring One

*Our topic this half term is Land Ahoy. We will be learning about explorers and exploring the properties of materials.
We are reading The Pirates Next Door by Johnny Duddle.*

Read stories and poems about explorers. Choose your favourite, then write or film a review for your classmates. 	Tell somebody at home all about Christopher Columbus and his voyages. 	Use non-fiction books and the Web to find out about Neil Armstrong and space travel. Write down your findings as a list of facts.	Choose and find out all you can about a musical instrument. 	Learn to spell the names of some treasures you would find if you were a pirate! 
Find some pictures of boats and sketch them. 	Record what the weather is like for a week. Write a report about the weather. 	Investigate the costs of your favourite toys. What notes or coins would you need to pay for them? 	Design and make a boat that floats.	Make a list of everything that floats in your home and find out what they are made from.
