Year Four Home Learning – Summer Two

Our topic this half term is Changing Planet. We will be studying: Electrical Circuits, Animation, Natural Features of the Earth, Pulleys and Levers and Historical Figures from Birmingham.

Write a poem about recycling. 	Set up your own vegetable garden (use pots if you don't have access to a garden). Try to grow some of your own food!	Create a poster about some of the natural features of the earth. (for example: volcanoes, mountains or earthquakes).	Produce a fact file about a famous person from Birmingham. Create a list of all the things in your room that are powered by	Create a list of all the things in your room that are powered by electricity. How many can you find? 
Collect your plastic and paper recycling and bring it into school for our Year 4 art project.	Create a cross section of a volcano (2D or 3D). Label all of the features.	Research who discovered electricity and when it was discovered? 	Design a poster explaining what static electricity is.	Practise the multiplication tables up to 12 x 12.
